### POWERS WILL NOT ACT.

Intervention in the Balkans Can not Take Place Until Conference is Held.

LONDON, Sept. 14.—Beyond making urgent representations to Bulgaria, the Associated Press learns from a well-informed diplomatic source that the Powers will take no action to avert war in the Balkans until the conference between the Czar and Emperor Francis Joseph at Vienna during the latter part of the month. The result of this decision will continue to leave Turkey a free hand in the ruthless suppression of the insurrection unless Bulgaria, unmindful of the warning of the Powers that she will reap nothing from intervention, should act, an eventuality which the diplomats fear cannot be postponed. Interest is taken here in the suggestion of the Novoe Vremya, of St. Petersburg, as a solution of the difficulty that officers of the foreign powers be attached to all Turkish repressive expeditions with authority to prevent unnecessary cruelty. A Turkish official says that the appointment of Nazim Pasha as governor of Beirut is believed to show the Porte's appreciation of the necessity for preserving order.

### SAY THEIR ARREST WAS NOT WARRANTED.

Strike Leaders Assert They Will Proceed Against Army Generals in Courts.

CRIPPLE CREEK, Colo., Sept. 14.—Former Attorney General Eugene Engley appeared before Judge W. H. Seeds, in the District Court today and petitioned for writs of habeas corpus for Charles Campbell, Charles P. McKinney, S. Parker and J. L. Lafferty, strike leaders, who were arrested by the military authorities last week and have been held as prisoners in the guard house, though no charges have been made against them. Although martial law has not been declared and under the State laws, cannot be invoked, the military officers have taken absolute control of the district and have entirely ignored the civil authorities. Engley, General John Chase notified Mr. Engley that no civil process for the prisoners whom he represents will be recognized by the military. Furthermore, Adjutant General Bell has intimated that all leaders of the Western Federation of Miners in the district will be arrested and held as prisoners until the strike is broken. "I shall cause the arrest of General Bell, General Chase and certain members of the Mine Owners' Association," said Mr. Engley today, "and shall prosecute them on a charge of criminal conspiracy. I shall also bring civil suit against them for damages for false imprisonment."

### MEMORIAL SHAFT TO M'KINLEY.

Toledo Perpetuates in Marble Name of the Martyr.

The Shaft Dedicated in Presence of Myriad of People.

TOLEDO, Ohio, September 14.—Toledo is in a festive mood today over the unveiling of the McKinley statue, the first memorial to the late President erected in Ohio. After a Naval parade on the river, including the United States gunboat Myra and the training ships Yantic and Hawk and a procession led by a battalion of United States Infantry, the statue which stands fronting the courthouse was unveiled by Miss Bonner. Colonel J. C. Bonner, president of the Memorial Association, in a brief address, presented the monument to the county and Henry Conrad, president of the Board of County Commissioners, accepted the trust on the part of the county. Senator M. A. Hanna was then introduced as an honorary president of the day and made a brief extemporaneous address. A dedicatory poem by Theodore McManis was read by the author and the orator of the day, Senator Fairbanks, was introduced. Senator Fairbanks said:

**ORATION.**

"The place of William McKinley in history is secure. We are not too near the events of which he was a part correctly to measure his proportions, nor do we look with too partial eyes upon what he did. We know the great share he bore in the stirring events throughout which he passed and we have faith to believe that the judgment of his contemporaries will be formed by history, when, with impartial hand, she shall record the deeds of men."

### UNCERTAINTY AS TO STRIKE.

NO WORD HEARD TODAY AS REGARDS CONDITION AT NORINGER.

KANSAS CITY, Sept. 14.—No word has yet been received from the striking miners at Noringer, and it is not known whether the miners there now on strike have returned to work or whether they have agreed to do so. The delegates here say there is no doubt that the Noringer miners will return to work and that will settle the trouble there. There are other differences yet to be settled by the miners' delegates and by the operators, who are now trying to reach an agreement. The scale committee of the operators held a meeting this morning and the miners' delegates committee will meet this afternoon to try and square their differences.

### COLORED MEN IN DANCE.

PITTSBURGH, Sept. 14.—All but one of the missing men supposed to have been buried under the debris of the cave-in at the Greenfield tunnel, on the Wabash, have been accounted for. Most of the foreign laborers have refused to return to work, fearing another fatality, but their places have been filled by colored men.

### DRAKE BROTHERS LOST IN SNOW

TAKE PLACE OF MEN WHO WERE INJURED IN GREENFIELD TUNNEL.

HELENA, Mont., September 14.—No trace has been found of the three Drake brothers of St. Louis who are believed to be lost in the Lolo mountains where they went six weeks ago to hunt. The snow is lying rapidly in the mountains and it is feared if the men are lost they will never get out. They had provisions for only two weeks.

### MYSTERY VEILS HER ABSENCE.

San Jose Society Maiden Disappears From Her Home.

Miss Bertha Page Is Away All Night and Cannot Be Found.

SAN JOSE, September 14.—Alarm is felt over the mysterious disappearance of Miss Bertha Page, prominent in society and musical circles, who left her home on a bicycle at 6 o'clock last evening and has not since been seen or heard of. She lately spent six weeks at Lake Tahoe, where she was treated for heart trouble. On her return she stopped over at Sacramento for a week and reached home last Wednesday in a depressed condition of mind. She was acquainted with Miss Isabella Clark and the news of the suicide of her friend deeply affected her. Her mother, Mrs. Catherine Page, is a well-to-do widow, with a large family and she is prostrated over the disappearance of her daughter. The police are at work on the theory that the girl, becoming temporarily deranged, has committed suicide.

"Can't imagine curl my hair any more," asked small Gerald of the barber, who was cutting it.

"Not for a long time," was the reply.

"Well, I'm glad of it," said Gerald. "I'd rather be baldheaded than have curls."

### RUSSIA MUST NOT TARRY.

England and Japan Separately Protest Against the Bear Remaining in Manchuria.

LONDON, Sept. 14.—The Associated Press is informed that Great Britain and Japan have exchanged views on the latest demands made by Russia on China and that they decided to protest separately to the Peking Government against their acceptance. In case this should prove fruitless and Russia continues her occupation of Manchuria, Japan proposes to break off the negotiations with Russia for a definition of their respective rights in Manchuria and Korea and demand of the Government that it order the evacuation of Chinese territory.

"We cannot permit the postponement of the evacuation," said the Japanese authority. "For Russia would utilize the additional time to strengthen her fleet and army in the Far East. Already her naval tonnage there is equal to ours. Public sentiment in Japan is deeply stirred by Russia's failure to carry out her promises to evacuate Manchuria and demands the withdrawal of her troops on the date fixed a year ago."

### HURRICANE LEAVES DEATH IN ITS TRACK.

Property Loss at Tampa is Estimated to be Over a Million Dollars.

JACKSONVILLE, Fla., September 14.—No wires are working south of Jacksonville this morning and details of the hurricane which swept across the southern part of the State, Saturday, are incomplete. So far as known, seven people met death, the bodies of five being washed up near Miami, on the east coast and two near Boynton, on the west side of the State. Passengers arriving today on belated trains report that on the east coast many vessels have been wrecked. Above Miami it is reported, seven or eight vessels are ashore. The property loss in the city of Tampa is about \$1,000,000. West Tampa was flooded. No losses of life are reported in Tampa, although several persons were hurt by falling trees.

Much injury was done to the orange groves and gardens, and it is feared that the beautiful winter homes of Northern people are damaged.

The disturbance is sweeping across Alabama and Louisiana today. All wires south of Montgomery are down in the neighborhood of Florence, Alabama, and Birmingham, Montgomery, Mobile and New Orleans report high winds. There is no evidence of the storm at Charleston, S. C., although precautionary signals have been displayed there for two days.

**TAMPA IS HEARD FROM.**

JACKSONVILLE, Fla., September 14.—Telegraphic communication with Tampa was restored late this afternoon. One life, that of Louis B. Boron, was lost there. The property damage is heavy. Apprehension is felt for two steamers which left Sunday afternoon for New Orleans and Mobile.

Yesterday morning out in Golden Gate, Seattle and Oakland played a good game of baseball, notwithstanding the fact that there was considerable "back talk" and Manager Lohman again was obliged to "retire to the most remote part of the field and be seated." Devereaux, in avoiding a double play, ran out of the line and the ball hit him in the back. Wilson jumped in to protest, Lohman followed and the matter was a wordy war. Meanwhile, Brashear, Seattle's first baseman, shoved Devereaux off the bag and called Levy's attention while he touched the runner. The umpire did not see well, especially men in a tight box. Seattle got a hit nearly every inning, but they did not seem to count.

Oakland got a little farther away from the bottom rung of the ladder yesterday by routing it into Seattle to the tune of 11 to 2. It was not such a very good game of baseball, for errors were fairly numerous, but the crowd was pleased so nothing more could be desired. The local boys found Barber for good hits several times. They started out to win by getting two runs in the very first inning, while Seattle did not even make a hit. There was nothing doing for either side in the second; then the home boys made four more, with two men out in the third inning. In the fifth, Pitcher Graham sent Wilson to base on a dead ball and allowed Barber to walk. An error by Franks allowed Wilson a score, and a long drive by Brashear got Barber in. The Seattle crowd did some hitting in the eighth, but it was too late to count.

The Sunday game in the capital city was a most interesting one. For seven innings, Pitcher Morris did not allow but two meagre hits. In the eighth, however, the Senators took a wonderful brace after Saturday's farce. San Francisco was decidedly weak. Krug took Lindsay's place in the box in the fifth.

The Angels shut out San Francisco yesterday. Corbett pitched a wonderful game and had fine assistance. The Los Angeles nine took a wonderful brace after Saturday's farce. San Francisco was decidedly weak. Krug took Lindsay's place in the box in the fifth.

Saturday, in Sacramento, Portland was beaten in a slugfest match, the Senators getting 21 safe hits off Butler, seven of them, all good for scores, came in the seventh inning. Brown twirled will Mike Fisher's team.

The locals were trounced by Seattle Sunday afternoon. It seems that Wilson had to pay much against his wishes, an old attorney's fee of \$35. They lawyer had the uniforms attached, so Wilson was obliged to wear them. He was not hot, so he had his little crowd get even by beating Oakland. Hughes did his part by pitching a great game. It was not amount to much in the first two innings, for his support was ragged and the locals made two scores. Then the "crotchety crowd" settled down and Oakland did not get a "look in" during the rest of the afternoon. Seattle, meanwhile, piled up seven scores.

The game in Los Angeles Saturday between the cripples was an uninteresting one. Hall pitched wildly and Herz was hit pretty hard. Many errors were made on both sides.

TO HAVE STRONG STANFORD TEAM  
ELEVEN WEAK.

RELIANCE CLUB'S FOOTBALL TEAM WILL BE A WINNER.

Manager George Smith of the Reliance football team feels confident that with the twenty-four sturdy men who make up the material from which he may draw his team, he will be enabled to form one at least, and possibly two, of the strongest in the city. At the riding academy building on Pacific avenue, each evening, there meets for practice a team, whose possible chances for being a championship eleven are strong to say the least, and whose opposing play will be very strong when it meets the Stanford varsity team at Palo Alto next Saturday.

ASSOCIATED CHARITIES TO ELECT OFFICER.

The annual meeting of the Associated Charities of Oakland is to be held this evening at the Board of Trade rooms, when the principal address is to be delivered by Rev. J. K. McLean, formerly pastor of the First Congregational Church, now of Pacific Theological Seminary. His topic will be "The Work of the State Board of Charities and Corrections." This board was established by act of the Legislature at the last session of the body. Governor Pardee appointed six citizens to serve on the commission in charge, without pay, namely Rev. J. K. McLean, Andrew M. Davis of the Emporium Company of San Francisco, Dr. E. C. Moore of the Department of political economy of the University of California, Banker Patterson of Los Angeles, Father Ramm and O. K. Cushing of San Francisco.

TO BE CHAMPION BICYCLIST.

ANOTHER PLAYER HAS SUCCEEDED TO DREADED MALARIA FEVER.

The warm weather combined with the heavy practice has sent another strong player in the cardinal eleven to the Students' Guild Hospital with malarial fever. Anxious watched for will be the recovery of these two tried and reliable men where lies much of this year's small amount of weight in the Stanford team.

As the past week brought forth no new candidates, and as Lee, McGilvray, Barnhisel and McFadden, last year's strong men, have not returned to college this season, the present team is by far the lightest the cardinal has had to battle on the gridiron for several years. Consequently if Stanford wins the great inter-collegiate game this fall it will be owing to the team's proficiency in the observance of minute points of the game, which is being so strongly insisted upon by Coach Lanagan in the practice games. And Stanford's victory would prove the interesting point that a light, fast team is better suited to the late changes in football rules, changes requiring much more open play than in former years.

The Saturday match between the Freshman team and that of Santa Clara College was postponed and a regular practice game was substituted, wherein the men were put through simple formations, and especial attention given to the offensive work of the line men.

In the practice of the week Coach Lanagan insisted that the players never lose sight of the ball, and in case of fumbles to fall on the leather rather than attempt to gain ground.

The first varsity line-up essayed during the last week was as follows: Quarter-back, Bansbach, '04; full-back, Schofield, '06; right half, Chandler, '05; left half, Minturn, '07; left end, Butterfield, '04; left tackle, Stillman, '05; left guard, Van Sickle, '05; center, Hamilton, '04; right guard, Thompson, '04; right tackle, Weller, '07.

WANT AL NEIL EXCELSIORS WON TO FIGHT

HAYES VALLEY CLUB WOULD ARRANGE A MATCH FOR HIM.

Though the supposition is that Al Neil has retired from the ring, Morris Levy is making a strong effort to arrange a bout between him and Dixie Kid on the 28th. Such a match will turn the Eddie Hanlon-Benny Yanger affair on that same date into a double main event.

Falling to find Dixie who is vaguely supposed to be in Sacramento and to arrange the proposed match, Levy has a strong inclination to bill George Fuller against the winner of the Jack Cordell-Joe Curren fight, if possible.

Though Billy Pierce of Boston has heretofore cared for the business interests of Ben Jordan, a man signing himself Horan now assumes that pose and writes offerings to pit Jordan against anyone in the world at not more than 125 pounds, naming Young Corbett as special preference.

BOWLERS WIN BY CLOSE SCORE.

While a large crowd of enthusiasts watched a number of good matches, the Scottish bowling tournament, in progress in Golden Gate Park for some weeks past, was brought to a close.

McGilvray after much see-saw work, finally, with a close score of 21 to 20, won from Andrew Woods what was easily the feature of the afternoon's play.

James Hutchinson and John Reid did some clever bowling and easily disposed of their opponents. Reid won from James Meares by a score of 21 to 11, and Hutchinson disposed of John T. Dare by 21 to 7. The other two matches resulted in victories for J. M. Earsman over J. Hommedieu 21 to 9, and T. Alken over J. Ralph 21 to 8.

A number of players failed to put in an appearance for their matches and consequently lost by default. J. Elder and J. B. Low drew together and both were defaulted. D. L. Dunn a bye over W. H. Stewart, Crows a bye over J. D. Robertson, Robert Park a bye over C. Hamilton and John McLaren a bye over Rev. William K. Guthrie.

# NEWS FROM ALAMEDA

## CLAIMS VICTORY EXPERT ACTION POVERTY SAVED FOR CLIENTS BY BOARD CRUEL DRIVER

KASE SAYS REFERENDUM IS  
MANDATORY UPON  
TRUSTEES.

ALAMEDA, Sept. 14.—Thomas Kase, the attorney who represents the Board of Trade in the present franchise controversy, asserts that the referendum is mandatory and that the citizens will prove victors in their contest. Mr. Kase expressed his views last night in the following words:

"When my attention was first called to the referendum, I must confess that I had my doubts regarding its legality. But I have studied it in every light and the more I look up the authorities the more certain I am of our ground. The referendum is mandatory and the people must be given a voice. What their vote will be has been already demonstrated. Many of them are with us, although their business interests prevent their coming out boldly.

"We are on the eve of municipal ownership of an electric line. I have talked with a well known promoter who has installed electric roads, and he declares that the subscriptions offered by the people of Alameda will pay for the road. It is proposed to run it to the mole and connect with the Santa Fe boats, thereby preventing the long delay necessary in building a ferry system.

"The best people in Alameda are with us, but they are timid about expressing themselves. The fact is that they have been for so long in the power of the Southern Pacific they are afraid to rebel."

## CATARRH A COMMON COMPLAINT.

Catarrh begins with a stubborn cold in the head, inflammation or soreness of the membrane or lining of the nose, discharge of mucus matter, headaches, neuralgia and difficult breathing, and even in this early stage is almost intolerable. But when the filthy secretions begin to drop back into the throat and stomach, and the blood becomes polluted and the system contaminated by the catarrhal poison, then the sufferer has a sickening and disgusting odor, and coughed incessantly. I heard of S. S. S. and commenced to use it and after taking several bottles I was cured and have never since had the slightest symptom of the disease.

It affects the kidneys and stomach as well as other parts of the body. It is a constitutional disease and as inhaling mixtures, salves, ointments, etc., are never more than palliative or helpful, even in the beginning of Catarrh, what can you expect from such treatment when it becomes chronic and the whole system affected? Only such a remedy as S. S. S. can reach this obstinate, deep-seated disease and purge the blood of the catarrhal poison. S. S. S. purifies and builds up the diseased blood, and the inflamed membranes are healed and the excessive secretion of mucus ceases when new, rich blood is coming to the diseased parts, and a permanent cure is the result.

S. S. S. is guaranteed purely vegetable and a reliable remedy for Catarrh in all stages. Write if in need of medical advice; this will cost you nothing.

JOE MULLER NARROWLY ESCAPES A HEAVY PEN-ALTY.

ALAMEDA, Sept. 14.—Joe Muller, a youth arrested for driving a badly crippled horse yesterday morning only escaped a heavy fine because of the extreme poverty of the family. Young Muller drives a milk wagon which is the only visible means of support that his parents possess. The horse is barely able to walk yet the driver when arrested was using a heavy whip upon the poor beast.

In suspending judgment this morning, Judge Cone addressed the mother of the boy as follows: "My only reason for releasing you boy without a heavy fine is the poor circumstances which you are now in. My advice to you is to use more food and less whip. If this case ever comes up again before me you will be lucky to get off with \$50."

### FINED FOR DRIVING ON THE BOULEVARD.

F. H. Morrison was on trial this morning for violating the ordinance prohibiting the driving of heavily loaded teams upon the boulevard. He set up the defense that he did not drive upon that highway lengthwise, but merely crossed it to avoid a bad place in the road, and that as there was no sign at the boulevard to warn persons that they must not drive there he did not know he was violating an ordinance. Every opportunity was given the defendant to show his innocence, but upon his admission that his wagon weighed 4500 pounds while the ordinance limits the load that may be driven there to 3000 pounds, the judge was compelled to find him guilty and sentenced him to pay a fine of \$2.50. There was a generally expressed opinion, however, among officers and attorneys that the Board of Works was very derelict in its duties in not placing a warning notice at the beginning of the boulevard.

## LOS ANGELES SIGNS MEN FOR NEXT YEAR.

LOS ANGELES, Sept. 14.—Manager Morley has signed Third Baseman Judson Smith and Shortstop James Toman for the season of 1904. These two players, together with Newton and Dillon, form the nucleus of next year's Los Angeles ball team.

Many women have discovered that "living on a motor car" is most destructive of beauty. Moderate motoring, by improving health and the capacity for sleep, enhances a woman's charm, but the hardened tourist type of 150 miles a day runs and coarsens her skin and gets a crow's foot round her eyes, her face loses its soft, womanly contour and gains hardness and determination.

## Before you go home "Just get The Delineator"

WITH the issuance of the October number, now on the news-stands, is answered squarely the question of supremacy among the magazines for woman and home.

In your selection of a magazine you may choose from two classes—those you need and those you read for recreation—or else you take THE DELINEATOR and combine both. If the word "necessary" is susceptible of a superlative, THE DELINEATOR is beyond all question the "most necessary" of all the magazines published for Woman.

Nine hundred thousand families proved this to be so last month; and each month brings its new thousands of members into the ever-growing DELINEATOR FAMILY.

Among the fashions it is the "most necessary" because it is all the fashion magazines in one, with their mistakes eliminated—their exaggerations corrected, and the really successful novelties stamped with the seal of authoritative approval—for if it is pictured in THE DELINEATOR it is "good form." It is equally the "most necessary" in the Nursery, in the Sewing Room, in the Kitchen—throughout the whole house and out of doors in city and in country.

### THE PARTIAL LIST OF CONTENTS BELOW

can only hint at the interest underlying every line:

The Evolution of a Club Woman, by Agnes Surbridge, begins in this number. It is an autobiography and is the predicted success of the year. C. J. Clement, the world-famed camera expert, begins one of the most remarkable series of photographic articles ever presented. They relate to his personal adventures at home and in foreign lands. The Silent Partner, by Lynn Ruby Meekins; A Florida Cracker, by Virginia Fraser Boyle, are prominent among the fiction features, while the departments are fuller than usual of good things, with special interest centering in the children's pages.

If the "most necessary" of the magazines for Woman is that one which helps most in every hour of "her" day and brings its after-hour of fascinating leisure-reading when the day is over, then, surely, "JUST GET THE DELINEATOR." Of your newsdealer or any Butterick agent at Fifteen Cents a copy, or of the publishers, One Dollar for an entire year.

## A QUESTION OF HONOR.

It is rather strange to find School Director Thomas P. Woodward of San Francisco throwing cold water on the proposed bond issue for new school buildings. Mr. Woodward was appointed by Mayor Schmitz, who was elected primarily as a representative of the working classes. The workmen are interested in a personal sense more than anybody else in having ample accommodations provided in the public schools. Relatively, they have more children to educate than their richer neighbors. The wealthy can educate their children in private institutions, but the poor must send theirs to the public schools. It is doubly strange therefore to find an appointee of a Mayor elected on the labor ticket opposing expenditures necessary to equipping the city with adequate school facilities.

Raffia, has become such a fad that many and all things are being created from it. Among the newest are lamp shades, usually adorned with leaves, peppies or a bunch of cherries, and while odd, they are not altogether attractive.

If every man would take as much interest in his work as he does in trying to avoid it, poverty would soon be a word without meaning.

Indeed, we have not heard whether this man Oliver is a crusty old bachelor, or whether he has gone through the mill of matrimony and is now trying to "get even."

### A FOOD LESSON.

That Will Never Be Forgotten.

A young lady says: "I was sick for over a year from what the doctors called Typhoid-Malaria fever and cold sweats most all that time. I had tremendous appetite and was allowed to eat anything I pleased until my stomach finally gave out so that I could not even take toast-water without its fermenting and giving me much misery and distress."

"I became discouraged and downhearted after several years passed without getting well; in fact I only convalesced enough to be taken out for a short drive each day and was always brought back so tired that I would not be able to go away without carrying fifty pounds. Changing physicians, I was advised to go to the mountains and finally went to the Alleghenies. At my boarding house a lady at the table ordered Grape-Nuts for breakfast. I had never heard of it before so I asked her about the food and she told me it had done her so much good and suggested that I order some which I did. I liked it and used it while I stayed there several weeks and found to my surprise that it agreed with my delicate stomach and I soon began to feel better nourished and got so strong I could take long walks and not feel tired. My weight began to come back and that haggard look vanished from my face."

"I found that Grape-Nuts was just what I needed and when I returned home I still continued using it and for more than two years now I have happily been 'missed' by Grape-Nuts. After my friends saw what Grape-Nuts did for me I was not hard to persuade them to give the food a trial."

"To sum it all up I am now better than I have been for a number of years, can work all day and sleep all night and I eat quite hearty of almost any food after I have made my breakfast of Grape-Nuts and rich cream. I have gained back all the weight that I want and am now happy and contented."

## BUTTERS BUYS A BLOCK. SERIOUS WILLIAM R. HEARST SOLDIERS STIR UP TROUBLE

CANNING PROPERTY SOLD TO SOUTH AFRICAN MINER FOR \$30,000.

Henry Butters, the South African mining man has been given an option in the purchase of the Canning Block at the southeast corner of Thirteenth street and Broadway. The purchase price is stated to be \$30,000, two payments of which he has already made, the balance of the amount to be paid before the close of the present year, the time fixed for the formal transfer of the property. Though Mr. Butters is named as the buyer, it is thought a San Francisco man is identified with him in the deal with Mrs. Mary Canning the present owner of the property.

The greatest effort has been put forth to keep the sale a secret, and in fact the price at which the property is to change hands is known to no one save the agents who have handled the deal and the principals in the transaction. The corner is one of the most desirable in this city and has a Broadway frontage of 100 feet, running back on Thirteenth street 150 feet. The building is a comparatively new one, every room in it has been steadily rented for a long time.

For many years the Canning interests have been looked after by W. J. Yore, but on the 1st of the present month he was displaced, and Joseph Kenney installed in his place. The transfer of the property and the change of superintendence is claimed, have much to do with each other. The Canning sale is the largest business deal that has been put through in this city for many years. Mr. Canning, who is disposing of the property, is advanced in years and is a religious enthusiast. Her move is regarded as an effort to dispose of all her property prior to her death. Some years ago she donated a large sum of money to the St. Francis de Sales parish, and in fact practically furnished the money to build the parish church. Only recently she gave the parish \$15,000 with which to fresco the church building.

Plans were recently made to add another story to this building, but negotiations for the sale of the property called a halt in the building plans though Butters is now figuring along the same lines, and it is expected that soon after he takes formal possession of the building the construction of the new structure will be commenced.

## ANNIVERSARY OF M'KINLEY DEATH.

CANTON, Ohio, Sept. 14.—This, the second anniversary of the death of the late President McKinley, was not observed by another formal program in Canton. Flags were lowered in public buildings, and there were some religious observances in the various departments of the schools to the life and death of McKinley, and decorations were worn as a silent tribute to the memory of the slain president.

Mrs. McKinley left for home made a special trip to the McKinley vault in the city of Canton, and placed flowers on the casket. Numerous floral pieces received from friends and strangers were also placed in the tomb. Mrs. McKinley is in good health.

## BULGARIANS ROUTED BY TURKISH TROOPS

The report is current that the Turkish soldiers at Kirk Kilisen, in Turkish territory, fire on the French consul, breaking the windows.

A party of Turks near Gobleh had with them twenty Bulgarian women and girls. Five hundred Turkish men and children have arrived at Tekendische.

BULGARIAN TROOPS TO BE MOBILIZED TO MEET TURKS.

PARIS, Sept. 14.—The Foreign Office advises from Bulgaria show that the situation is becoming more serious, owing to reports that Turkish troops are slowly nearing the border. If their advance continues there will be a general mobilization of the Bulgarian forces preparatory to meeting eventualities. A Russo-Austrian note to the powers has been received here and is now under consideration. It sets forth that in the event of hostilities by Turkey and Bulgaria, Russia and Austria will not give their support to either of the parties, but will hold each of them to a strict accountability for their actions. It is expected that France will adhere to the Russo-Austrian attitude.

## FIRM MEASURES OBTAIN QUIET.

WASHINGTON, Sept. 14.—The Navy Department today posted the following bulletin:

Admiral Cotton telegraphs from Beirut, 13th inst., that he had exchanged very satisfactory visits with the Governor-General. The Governor-General has personal charge of the Vice-Consul case. Twenty-eight persons, including the principals in the disturbances of last Sunday, have been arrested. Beirut quiet. Administration of new Governor-General inspiring confidence. The former Governor-General left on the 12th inst. for Constantinople.

## SENTENCED FOR CRUELTY TO HORSE.

Edward Bernadon, charged with cruelty to animals, was up for sentence this morning. His attorney moved for a new trial on the ground that the verdict was not in accord with the evidence and that the court had erred in admitting testimony as to what was said the day previous to the occurrence and for not admitting the evidence of certain witnesses which was denied and Bernadon was given \$20 or ten days.

This was a case where Bernadon, who keeps a riding academy, had hired a horse with a sore back to Mrs. Ralph Stocker, who was going out on an equestrian trip with a party of friends. The animal was reported as unfit for service, and Bernadon was arrested on complaint of Fred Johns, secretary of the Society for Prevention of Cruelty to Animals.

HE AND HIS BRIDE COME TO ATTEND COUSIN'S WEDDING.

SAN FRANCISCO, Sept. 11.—Mr. and Mrs. William R. Hearst, who recently returned from Europe, have arrived in the city from New York. Social rather than business considerations prompted Mr. Hearst's visit to California at this time.

He and Mrs. Hearst cut their European tour somewhat short that they might be enabled to attend the wedding of Miss Anne Apperson, Mr. Hearst's cousin, who is to be married to Dr. Joseph Marshall Flint at the Hearst hacienda at Pheasantton tomorrow. "The bride is a favorite niece of Mrs. Hearst, and she is embarking on her matrimonial voyage under the auspices of her aunt."

Another reason in sight Mr. Hearst and his bride to California at this particular time. Mrs. Phoebe Hearst is soon to depart for an Oriental tour, principally to journey through Japan, China and India, and her son desired to bid her adieu and bid her voyage before her departure. As Calcutta is soon to assemble, he could not very well defer this final duty till a later period. Besides, he desired to attend the wedding of his cousin.

The precise date has not yet been set for Mrs. Hearst's departure for the East, but it will be very shortly. She will probably return by way of Europe, but no announcement to that effect has yet been set. Mrs. Hearst has friends in Paris and London whom she will probably visit before returning to California.

The wedding at the Hearst hacienda tomorrow will be a rather quiet affair, as Mrs. Hearst is already adverse to making a display of family affairs.

## TO IMPROVE FRUITVALE.

The present work will see the commencement of many improvements in Fruitvale. Work will be started immediately on the construction of the new \$4,500 concrete bridge over Susal creek, at Sixteenth street. Work will also be commenced on a mile of sidewalk, continuing from where the city has already begun by the members of the Property Owners' Association. For some reason the macadamizing of Talbot street is being delayed.

## MURDERER ASKS A CHANGE OF VENUE.

CYNTHIANA, Ky., Sept. 14.—In the case of Curtis Jett, indicted for the assassination of Town Marshal James Cockrill at Jackson, Kentucky, on July 21, 1902, the defense today filed an affidavit asking a continuance on account of the absence of Attorneys Black and French for the defense. Judge Osborne, overruling the motion for a continuance and adjourned court until 1:30 p. m. to give the defendant's attorneys time to make the necessary affidavits for a motion for a change of venue to another county.

MEMBERS OF COAST ARTILLERY ARRESTED AT SAN DIEGO.

SAN DIEGO, Sept. 14.—Three soldiers belonging to the 15th Company of Coast Artillery are under arrest for stirring up a rough house at a social gathering at Turner Hall last evening. Their names are George Matheson, Fred Wood and Samuel M. Wise, and they are holding for San this morning.

The started a disturbance about 11 o'clock and when confronted with a committee entered upon them and a general fight ensued. It took three policemen to restore peace and restore the soldiers. On their way to jail Johnson made a dash for liberty and got away, but was recaptured. One of the men was armed with some ugly-looking rocks and was evidently looking for serious trouble.

## "CHANGE" MAN IS SENTENCED.

Charles Hill, arrested for drunk and attempting to work the change game at McMillan's store at Market and Seventh streets, was given \$20 or ten days this morning on the first charge. The only one looked against him as it was not deemed advisable to enter the other one. In sentencing him Judge Smith took occasion to say that the police were not satisfied with his actions since he had been in Oakland. Hill promised to leave town at once if the judge would be content with him, insisting that he had done nothing wrong, and that he came here here to become intoxicated.

## BERKELEY AND THE STATE UNIVERSITY

## LIVELY TIMES ARE EXPECTED IN TWO BOARDS.

## Berkeley Trustees Will Wrestle With Telephone Problem and School Directors With Tax Apportionment.

BERKELEY, Sept. 14.—It is believed that the meetings of the two municipal bodies—the Town Board of Trustees and the Board of School Directors will be unusually lively this week. Tonight the Trustees will hold their regular session, at which the proposal to deputize all the non-union linemen will be broached. The plan will be championed by President Thomas Rickard, who recently held a conference with the telephone company with the view to protecting the property of the company in this city.

The School Directors will give consideration to the cutting down of the school apportionment of the taxes at the hands of the Town Trustees. The Directors asked for 20 cents of the 75 cents taxes for the maintenance of the schools and their request was promptly cut to 25 cents. It is claimed by the seven Directors that the Trustees are outstripping all legal rights when they attempt to reduce the amount asked for, while the city fathers declare that it is up to the people to raise the taxes if more money is wanted for the schools.

An interesting clash is anticipated between the two boards, especially in view of the fact that the School Directors are considering the feasibility of employing special counsel to fight their case.

The Trustees contend that the town should be better policed and that the squad of four policemen now engaged in an effort to keep the peace of nine square miles of territory should be increased to at least double that number. The municipal board is also anxious to improve the fire fighting system, and in order to do all this hold that the people should be made to see that more money is needed for the operation of the city government, even if the illustration has to be made through the crippling of the school department.

## DIES FROM SHORT ILLNESS.

## INQUEST WILL BE HELD OVER REMAINS OF REV. A. B. ORGREN.

BERKELEY, Sept. 14.—After an illness lasting but an hour, Rev. August Bernhard Orgren, a retired Swedish Baptist Minister, died suddenly at his home, 1521 Manoa avenue, last Saturday night, under circumstances that will necessitate the holding of a coroner's inquest, just before retiring he took a bath and

later complained of pains in the stomach. Feeling consciousness he soon passed away. Dr. H. N. Miner and Dr. T. J. Clark were called, but when they arrived the Rev. Orgren had passed away. Rev. Orgren was born in Sweden sixty-two years ago. He came to the United States in 1869 and, after being graduated from the Morgan Park Theological Seminary of Illinois, engaged in some missionary work. He came to California in 1887 and has spent a busy career, building up no less than three churches in different parts of the State, and retiring only two years ago. The last four years of his California ministry were spent in China, the succeeding six in San Diego and the final three in San Jose. He moved to Berkeley two years ago to give his four children the education which he had received. These are Ruth, Rhoda, Eleanor, and Paul, who, with their mother, survive the deceased.

Little 5-year old Nellie's parents were of the migratory sort, having moved four times within a year; so one day when her mother was unable to find the carpet sweeper Nellie said reassuringly: "Don't bother about it, mamma; we will find it the next time we move."

## PLANS TO RE-WARD CITY.

## BERKELEY TRUSTEES MAY BE ASKED TO REDISTRICT MUNICIPALITY.

BERKELEY, Sept. 14.—An agitation has been commenced to re-district the city on the grounds that the representation of the city on the Board of Trustees is not equitably divided. Those who are at the head of the movement to re-district the city contend that the wards should be placed as follows: North Berkeley and Feralita Park, one ward; two wards of ward Three, and the southern end of ward One; West Berkeley, a ward; South Berkeley, a ward; and wards Two and Four divided to give two less territory and four more.

## TEXAS MINES TO START.

THURBER, Tex., September 14.—It is reported, though unofficially, that the Texas and Pacific Coal Company will start work in Mine No. 9 today, affording protection to those of the miners who have declared a will to agitate to remain and who have indicated that they want protection. At a mass meeting, National Organizer Warlick of the United Mine Workers, said he had been informed that the coal company was trying to organize the Mexicans to operate Mine No. 9 and he appeals to the Mexicans to remain true to the union.

Payment of the men continues at the company's offices. The exodus from Thurber has begun. Wagons containing household effects do the road to the mining camps at Mineral City and Strawn. Two hundred Italians will return to their native land within the next two or three days. Some of them had worked in the mines for more than ten years.

The United Mine Workers have sent food supplies to Thurber for the men who need them.

All of the miners' meetings with the officers of the United Mine Workers are held outside of Thurber and of company property. The men are staying away from saloons and there is an entire absence of disorder.

The "Varsity" lined up against the second eleven and two lively halves were played. There was a large crowd out on the bleachers and the rooters were out in force.

The candidates for the Freshman football team were put through their paces, the work being the nature of a try-out preparatory to the narrowing down of the squad to the eleven which will meet the Stanford babies.

The first games of the season will be played next Saturday, when the Freshmen will meet the Stanford team in the morning and the Reliance team against the "Varsity" in the afternoon.

## M. J. Keller of Oakland Gives a Cup to the Student's Congress and the Senate.

BERKELEY, Sept. 14.—To stimulate interest in debating at the University of California, M. J. Keller, the Oakland clothier, has offered a silver trophy cup as the prize of the yearly contest between the Senate and the Students' Congress, inaugurated for the first time this year. According to the terms on which the cup is awarded it will be given to the organization winning two out of three years. The forensic contests will be held during the first term of each college year.

Committees from both organizations have been appointed and the arrangements for the debate will be made as soon as possible.

Heretofore it has been found difficult to carry out a yearly contest between these two societies, but now that Mr. Keller has provided the necessary incentive it is believed that the debates will be fixed features of the college year.

SEATTLE, Wash., September 14.—Patrolman Albert Schaneman, of the local police force was shot and killed at midnight by William S. Thomas, one of the three men who held up the Willard bar Saturday night. Thomas and a companion had been recognized by Schaneman on his beat as answering the description of the highwaymen and he called on them to halt. They took to flight and Thomas dodging into a dark doorway, escaping sight of the policeman. As Schaneman passed pursuing the other man, Thomas fired, the bullet going into the side of the policeman's head. Other officers, attracted by the shots, hastened up and Thomas fled through a doorway. The other man escaped. Schaneman never regained consciousness and died a few minutes after being taken to Police headquarters. Thomas does not appear seriously hurt. NEWS FROM THE VARIOUS LABOR UNIONS.

Labor Day Committee to Settle up its Affairs Wednesday Night—Grand Labor Ball.

Every member of this General Committee having charge of the Labor Day celebration has been urged to be present at the meeting next Wednesday evening at that meeting settlement of all bills will be made and all other important matters will be considered. At the meeting of the committee a request was made that all those having bills against the committee, would present the same at the Wednesday evening meeting. Unions were also requested to make their per capita returns that the work of the committee may be expedited. William E. Sully, secretary of the committee will receive these returns at any time from today to Wednesday.

**MATERIAL TEAMSTERS.** In order that their standing in their union may be openly proclaimed and easily observed, hereafter, each member of the National Teamsters' Union will wear a button, the color of which will be different every thirty days. Such was the decision adopted by the union at its last meeting held in the Building Trades' headquarters. By conspicuously wearing such a badge the National Teamsters will be following the example of the street car men in whose case the new custom has proved very satisfactory.

**TO DISTRIBUTE PRIZES.** On the evening of September 19, in Native Sons' Hall in San Francisco, the local central body of the building trades in conjunction with the San Francisco Building Trades' Council will hold a banquet. The occasion will be to distribute the prizes won at the Labor Day picnic at Shell Mound Park. The festivities will be under the immediate direction of the picnic committee. A large number of Oakland union men will attend the affair.

**MATERIAL TEAMSTERS.** At the last meeting of the House-movers' Union, an advance upon the heretofore rate of \$3.50 per day wages was declared after a lengthy discussion of the subject. When the business part of the session was at an end, the house-movers' committee, induced in a smoker at which the new member admitted to union membership during the evening, was also present.

**NEWSBOYS' TROUBLES.** Angelo Ambrose, the father of two non-union newsboys got into a discussion with Willie Jacobus, the walking delegate of the Newsboys' Union, who alleged he maintained his sons' right to sell papers if they chose. The argument Mr. Angelo emphasized, the points of his declaration of rights and privileges by blows of his fists. In consequence the result was his arrest on the double charge of disturbing the peace and battery. The Angelo boys have been selling papers notwithstanding they were not members of the Newsboys' Union and upon Jacobus' interference, the father took the matter into his own hands and even further—into the city prison. Jacobus was also arrested upon the disturbing the peace charge but was later released on bail as was also Angelo.

RETAIL CLERKS TONIGHT.

The regular meeting of the Retail Clerks' Union will be held this evening. Business connected with the recent Labor Day parade will be settled up.

MACHINISTS' RECEPTION.

At the meeting of the Machinists' Union Saturday night in Cooks and Walters' headquarters, it was decided to attend at reception tonight in Machinists' Hall, 1159 Mission street, San Francisco, to be tendered Fourth National Vice President Thomas L. Wilson by the local union, No. 24.

WAREHOUSEMEN'S PROTECTIVE ASSOCIATION.

At a meeting last week of the Bay Counties Warehousemen's Protective Association a demand was presented to warehouse owners, insisting upon a recognition of a nine-hour day. After the settlement of the great water front strike troubles two years ago the warehousemen with the exception of those employed at McNear's, returned to their labor on the wage basis of 30 cents an hour and time and a half, or 45 cents, for overtime. Sundays and holidays, overtime to begin at 6 p. m., which virtually meant them to work ten hours when required. The present demand represents the warehousemen's desire for a nine-hour day, and on that is not continuous; that there is a great deal of lost and broken time, and that by working for a nine-hour day they are only making what is a general demand. And, further, they would suggest that preference should be given to men, considering all things being equal.

It is generally thought that the following firms will agree: Balfour, Guthrie & Co., representing the California Wheat and Warehouse Co.; Girvin & Byrne of the Nevada Dock and Warehouse Co.; and the Grangers' Business Association. An advance by September 15 has been solicited and it is hoped it will be such as to establish all dealings between the warehousemen and their employers upon the most amicable basis.

BERKELEY TELEPHONE DIFFICULTY.

Berkeley telephone matters have reached such a stage that from an authorized statement of President Richard A. Brown it is learned that that body has decided to lend its assistance to the linemen by endowing the workers who have taken the place of the striking linemen with the authority of special policemen. By this act the workers will be enabled to protect themselves from injury that might threaten from the strikers or their sympathizers. And, further, they will be permitted to use force if necessary in arresting any one disturbing them while they are performing their duties. Though during the strike police protection and assistance has been extended to the telephone company, it is not the limited number of Berkeley police made it difficult to satisfactorily cover the large area over which the company's lines extend. And notwithstanding that the several times complete demoralization of the telephone system of Berkeley is not directly charged to the strikers, it is the move of the Town Trustees will be of some decided assistance to the telephone company maintaining better service.

WILL HAVE PIN WAS FOUND NOT MONEY. PIN WAS FOUND NOT GUILTY.

**WALKIREZ WILL HAVE PENSION WHILE IN PRISON—WANTS HANGING.**

Victor Walkirez, the convicted murderer of aged Lizzie Leroy, will not want for pin money while he is serving his life sentence in prison. He is on the list as a totally disabled soldier and his claim for pension has been on file for several months past. His attorneys, Pearson & Herald, say there is no chance of the claim being allowed and Walkirez will receive \$17.50 per month. Walkirez has already signed over his pension for several months to the attorneys. This was done before the case was undertaken.

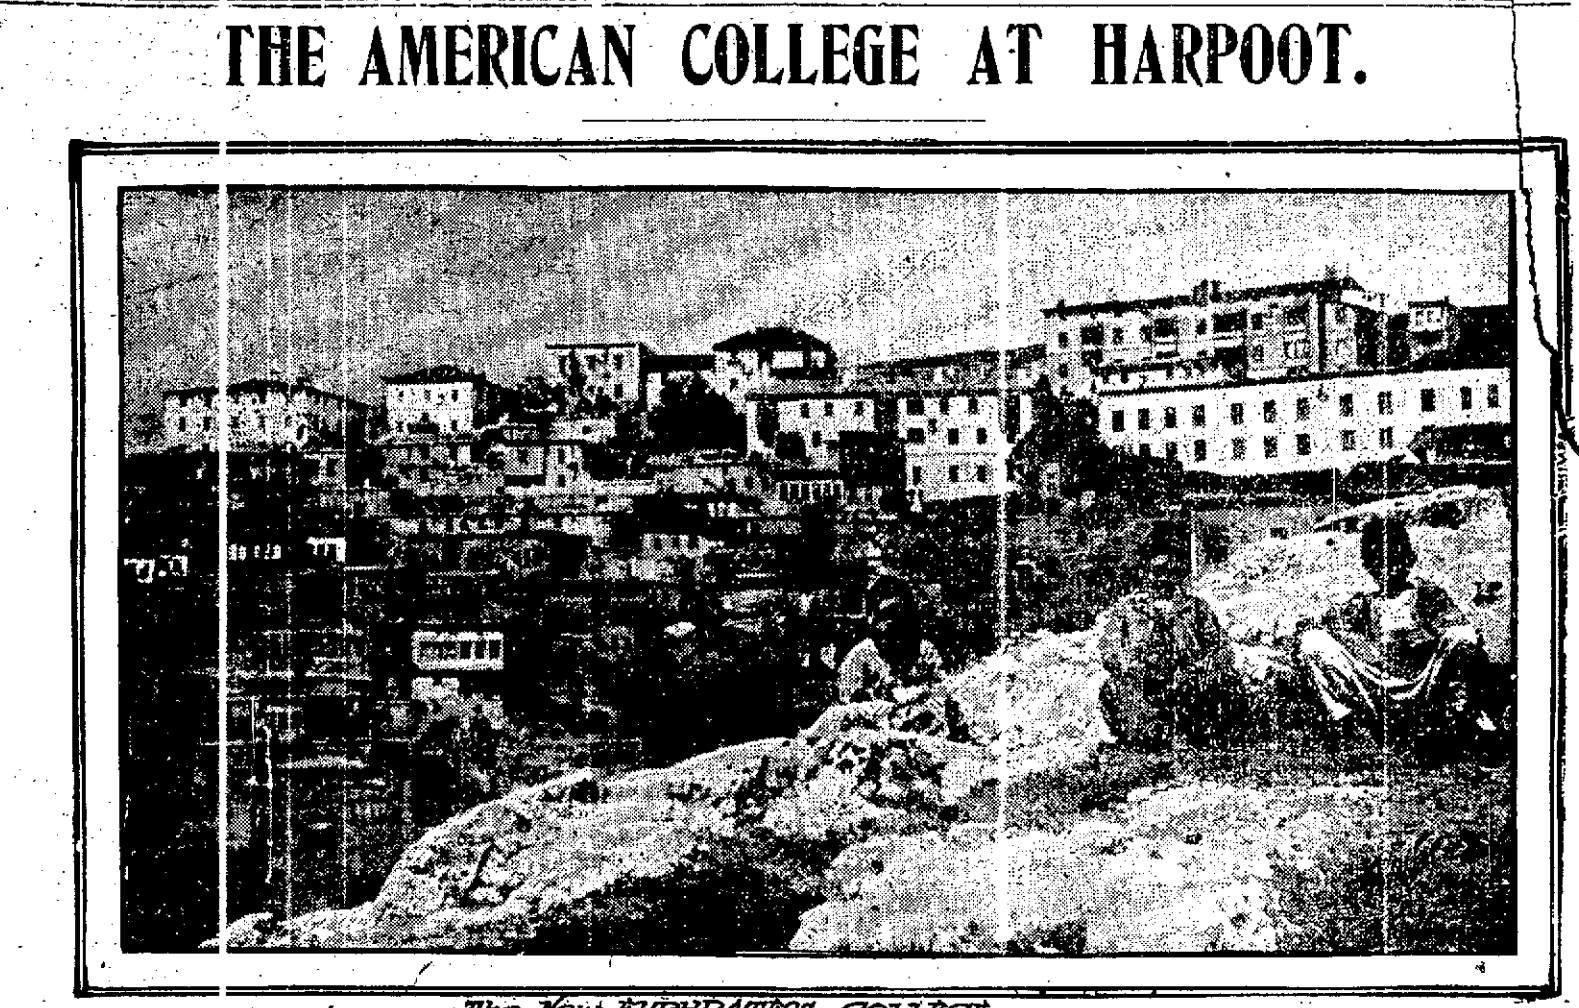

The convicted man is very variable in his moods. A short time before the verdict was rendered he was singing and dancing in his cell and an hour later he was completely cast down. He now claims that he will ask the court to give him the death sentence in preference to life imprisonment. His attorneys will ask that he be confined at San Quentin instead of Folsom, when he comes up for sentence tomorrow.

VETERANS GIVE COLORED TROOPER RESPECTABLE BURIAL.

Military funeral of George H. Anderson, late of Company E, United States colored troops, a non-commissioned officer, who served through the war of this rebellion and also many years in the Regular United States army, and who died at the County Hospital on Friday last, was buried with military honors yesterday at Mountain View Cemetery. Captain W. R. Thomas of Appomattox Post, G. A. R., took charge of the remains and had them brought to Albert Brown's undertaking parlors and requested military honors rendered by the United States army. The remains were cheerfully responded to the call, as they are always ready to respond to render proper honors to the dead. This soldier of the Republic leaves a widow and seven children living at Fruitvale. He served his country faithfully, having lost both eyes in the service and was entitled to the honors he had.

**RENO, Nev., Sept. 14.**—The substitution of Chinese in San Francisco has evaded the exclusion law recalls a famous case in this State nearly a quarter of a century ago. A Chinese gambler of wealth and influence among his countrymen was charged with burning down a wash house in Reno and murdering the proprietor, who was a prominent member of a rival company. He was confined for a time in the jail at Virginia City, but was subsequently taken to Carson for trial. A change of venue having been secured, he was taken down by the Chief of Police of Virginia, a man named Brown. When he arrived at Carson some friends of the murderer met him and the jail to take a look at him. At sight of the prisoner they set up a mighty exclamation and gesticulation, growing more excited the more they talked. Presently they declared that the prisoner was not the real criminal, but some other Chinese who had been "run in" on the game between Virginia and Carson. It was soon demonstrated by white witnesses that the Chinaman was telling the truth. It transpired that the accused had given Brown \$500 to permit the substitution. The bogus criminal stoutly insisted that he was the right man, but he was clearly established to be a fraud. He had been paid to take his chances to save his company. Subsequently, the real criminal was recaptured and duly hanged. The affair created a mighty sensation at the time, and being developed that it was but an uncommon thing in China for Chinese to offer themselves up as a vicarious sacrifice for the crimes of others in return for a money consideration paid to their relatives. This particular Chinese was willing to be hanged to give his parents in China from want and a salary for debt in their old age.

**ST. PETERSBURG, Friday, Sept. 14.**—An orthodox architect, Yassilov, was stabbed to death in the streets of Alexander, Trans-Caucasia, September 6. The murderer escaped. The Novoe Vremya's correspondent at Erivan, Trans-Caucasia, says the murder was one of a series of assassinations committed by the Armenian mafia, and adds that Yassilov had been blackmailed. The correspondent further recounts another recent brutal attempt at Alexanderopol station in the presence of a crowd of people. In this case also the murderer easily made good his escape. Judicial investigations of the many cases show, it is asserted, that 50 per cent of the recent murders was the work of Armenians, who migrated from Turkey, and that the others were simply the crimes of paid assassins.

**CHICAGO, September 14.**—Charles Pfister of Mayville, Ky., friend of Cassius M. Clay and of John C. Fremont and an abolitionist of note in Kentucky in ante bellum and war days is dead here at the home of his son, Walter B. Pfister. He was 84 years of age. The deceased, who was a lumber merchant, for thirty years, was the only man in Mayville to vote for Fremont for President in 1856, and was one of our first men to vote for Lincoln in 1860. The other five were burned in effigy, but Mr. Pfister was spared that indignity because it was generally realized that he voted from principle. He built Fort Hill, commanding the Ohio river, for five miles, and turned it over to the Union army and sought no pay for it, but Congress remunerated him in after years. He once arranged a meeting at which General C. W. Clay spoke, the general holding a revolver close to his hand while he delivered his discourse.

**OGDEN, Utah, Sept. 14.**—Up to noon today about 100 delegates have arrived to participate in the Eleventh Irrigation Congress. Senator Carey of Wisconsin came in on this morning's train. The delegation from Dawson county, Nebraska, numbers twenty-nine delegates and came on a private car.

**SPRINGFIELD, Mass., Sept. 14.**—Connor, who holds the record for the longest hit ever made on the polo grounds, made when he was first baseman of the old New York "Giants," has announced his retirement from the game and the sale of the Springfield, Conn., League baseball team, of which he has been owner and manager. He has played ball twenty-five consecutive seasons.

**PANAMA IS QUIETER.** **NEW YORK, Sept. 14.**—The government's declarations in the House of Representatives at Bogota have had a calming effect, but considerable political uneasiness is felt, according to a Herald dispatch from Panama. President Marroquin decidedly opposes the proposal to put up either himself or his son as a candidate for the nomination for the presidency and will not give his official support to any one for the nomination. He intends to allow his party free scope in making selections of candidates. No decision has been arrived at so far. In the excitement of the political situation cannot affairs appear to be completely ignored.

**CONVICTED OF BATTERY.** Morris Springer was convicted this morning in the Police Court of battery on the person of Ching Pong, a Chinese, and will be sentenced tomorrow morning. Springer and a party of young companions were travelling on the Seventh street car on the night of the 30th of August, when the boys pushed him on the Chinaman and a mix-up occurred. The Chinese alleging that he had been set upon and beaten.

**FOUR INJURED IN COLLISION.** **CHICAGO, Sept. 14.**—Four persons were injured, one, Henry Wakelind of Chicago, badly, probably fatally, and many passengers badly shaken up in a collision on the Chicago and Northwestern Railroad at Des Plaines today. **GIVEN THREE DAYS.** Michael O'Connell, Eliza Hall, Daniel L. Docherty were given 36 or three days each this morning for being drunk. Pearl Ramsay received the same treatment upon the same charge and got an additional \$10 or five days for vulgar language.

**STOCKTON ELKS WILL VISIT OAKLAND.** L. Clare Davis, the sprightly feminine contributor to the Stockton Mail, discusses in this rather mournful strain regarding the forthcoming incursion of the Elks of the Slough City. "One week from today there's going to be a terrible stampede of Elks on Oakland and we poor Elkses will be able to hear the rattle of hoofs and we shall see the dust they'll leave in their wake, but we may not follow them into the promised land. "The Oakland herd" has completed a home for itself that cost \$100,000, and the furnishings and fitting thereof cost \$35,000. Yes, it is a goodly corral, with many cozy corners and alcoves and two curtains and cupboards for every one that appears in the Oakland corral by daylight. Sound the horn and make the Elks of the Slough City know it one week from today, for all the dearest men in town will be going to Oakland.

**JUBILEE OF DANISH KING.** **NEW YORK, September 14.**—This year's gathering of the royal family here is of a unusually solemn character, as 1903 is the jubilee year of the Danish royal family, save a Times dispatch from Copenhagen. The King will have reigned forty years on November 15th. It is fifty years since he was recognized as heir to the throne. The Crown Prince, who lately attained his sixtieth year, has been Crown Prince during forty years. King Christian's second son, King George of Greece, celebrates the fortieth year of his reign this year and Queen Alexandra celebrated the fortieth anniversary of her wedding day this year. The Duchess of Cumberland, who will be fifty years old September 29th, keeps her silver wedding in December. King Christian looks as young as ever and rides daily.
